

TouchRetouch 2.0 for iPhone/iPod touch and iPad to Launch Early December

Published on 12/01/10

Adva-Soft today announced its planned release of TouchRetouch 2.0 for iPhone, iPod touch and iPad users. The 2.0 version will include many important updates, adding even more amazing capabilities to this revolutionary photo-editing software. A crystal clear image viewer for all iDevices, direct sharing on social networking sites, an incredible clone stamp tool, video tutorials and localized help, an optimized algorithm and much more will be available to all TouchRetouch users.

Lviv, Ukraine - Adva-Soft announces the planned release of TouchRetouch 2.0 (beginning of December, 2010), a cutting-edge, yet increasingly popular photo-editing app for iPhone, iPod touch and iPad that allows removing unwanted content from any photo easily. Giving incredible and almost magical results, TouchRetouch doesn't cause distortions to the original image. The forthcoming version will be packed with lots of brand new features that include a clone stamp tool, a newly optimized algorithm for better image recovery performance, a re-designed user interface, a finger move hint and much more. From now on, TouchRetouch will allow you to directly share your photos with your friends via Facebook, Twitter, Picasa and Flickr.

TouchRetouch is a revolutionary application and the next step in photo-editing for a mobile platform. With TouchRetouch, users can remove objects from freshly captured or saved photographs easily, with finger swipes and taps. The App's special algorithms allow for photo enhancement without compromising any of the other elements within a frame. This update will contain a new image viewer, giving users a crystal-clear image view with no loss in quality or performance.

TouchRetouch 2.0's added features:

- * 1:1 Image Viewer
- * Facebook, Flickr, Twitter, Picasa Sharing
- * Finger Move Hint
- * Clone Stamp Tool
- * New Video Tutorials
- * Localized Help
- * App Settings
- * Landscape Mode, "Clear All" Tool and More

Pricing and Availability:

TouchRetouch 2.0 will be available worldwide exclusively through the AppStore in the Photography category and for \$0.99 (USD) only. Promo codes will be available for qualified reviewers. Please specify the website or blog you represent when making your request.
